

The new measure of quality in portable oxygen therapy.

The Electronic Escort® has a single lumen cannula and uses an electronic conserving device powered by two AA batteries that last 2-3 months! The Pneumatic Escort® offers a dual lumen design and is also readily available.

ESCORT[®]₂

FEATURES

- Reliable Ultra Lightweight O₂ Therapy
- Virtually Maintenance-Free
- Remains Affordably Priced
- Patients Benefit from High FIO₂ Levels
- Available with Comfortable Carry Bag
- Compatible with Most Liquid Stationary Units
- Dynamic Liter Flow Range for Versatility
- Comfortably Light and Discreet
- Long-Lasting Reliable Oxygen Therapy

SPECIFICATIONS

- Liquid O₂ Capacity: .38 Liters
- Weight: 3.1 lb. empty; 4 lb. full
- Battery Life: 90 days (2 lpm for 6 hrs. daily)
- Powered by 2 AA Batteries
- Demand Flow Duration:
 - up to 7 hrs, 50 min (2 lpm, 50 psi)
 - up to 7 hrs, 25 min (2 lpm, 20 psi)
- Dimensions: 11" H., 5 1/2" W., 4" D.
- 12 Flow Settings from 0-6 LPM
- Gaseous Volume: 307 L (20 psi)
295 L (50 psi)

TRG is a low-cost, high-volume manufacturer of medical regulators, oxygen conserving devices, portable liquid oxygen systems, the exclusive distributor of

Piper Impact aluminum medical cylinders and more. TRG's products are used all over the world by some of the largest and well respected homecare and hospital providers.
